

HOBBO

CAMP

We started Camp in 2013 to showcase the quality and value Sonoma County can offer. In addition to farming some of the vineyards ourselves, we work with top growers and vineyard managers in very high quality and responsibly farmed, though lesser known, vineyards throughout Sonoma County to produce table ready, food friendly, approachable and affordable wines.

2022 Camp Chardonnay, North Coast

The 2022 Camp Chardonnay is

- 83% Chardonnay, from the Lloyd Vineyard in Alexander Valley off of Soda Rock Road
- 11% from our new planting of Chardonnay at the Vecino Vineyard in Potter Valley
- 2% from Lolonis in Redwood Valley
- 1% from Prior in Sonoma Valley
- 1% from Brosseau in Chalone
- 1% from Amaya Ridge in the Santa Cruz Mountains
- 1% Viognier from Morrison Ranch in Suisun Valley

The various lots were fermented in a combination of stainless steel tanks and neutral French oak barrels, then racked to all older French oak barrels and left sur lies until the completion of the malolactic fermentation, and finally brought back to stainless for the complete blend and bottling.
